(A programme of St. Thomas CSI Church, In Partnership with Pushpagiri Medical College,
In Association with Mallappuazhassery Grama Panchayat, Immanuel Mar Thoma Church, Janamaitry Police, Grama Vikasana Samithy)

Church Members Accompanying The Doctors In Their Visit To Colonies

Federal Bank, Kuzhikala, Assistant Vice President Ms. Jijy Saramma John donating medicines to the Clinic from their CSR funds

Health Education for Students

During the Christmas season, we honour all the doctors who serve here

In our satellite Clinics in Colonies

Health awareness education for the public

House Visit - Colonies

Visiting the elderly in the Community

Dental Hygiene Programme

Project Overview

The Community Health team has undergone a transformative shift from hospital-based healthcare services to proactive household visits aimed at preventing ailments. Embracing the motto "Healthy body, Healthy mind, Healthy environment," the initiative, spearheaded by the doctors and Church members, empowers community members toward self-sufficiency and dignity.

Initiatives : Through health education programs, thousands have gained insights into holistic health, hygiene practices, disease awareness, and self-care strategies. St. Thomas CSI Church has been working in collaboration between Mallappuzhassery Grama Panchayat, Immanuel Marthoma Church Mallappushassery Grama Vikasana Samithy supported by Pushpagiri Medical College,Thiruvalla.

Challenges and Urgent Need : For twelve years, the project has prioritized holistic well-being, notably facilitated by an Omni van generously donated by a philanthropist in 2011. Regrettably, the van's current condition impedes operations, necessitating urgent replacement.

Call for Support : Your generous assistance will sustain and elevate this impactful initiative, ensuring continued positive impact on the communities we serve. Your support is instrumental in nurturing lasting improvements in the lives of those we strive to assist.
